

# For Jerusalem

Your support makes a difference!

There is no longer peace in the city of peace. Parents do not feel safe sending their children to school; neither do they feel safe going to work. If you are in the wrong place at the wrong time, or even make a sudden move, you may end up shot dead immediately. This is how bad the situation in Occupied Jerusalem is today. For nearly a month now, the city has witnessed excessive Israeli military escalation, starting from the Old City and Al Aqsa Mosque, and now spreading to all its Arab neighborhoods, as well as other cities in the West Bank. Recent increase of imposed mobility restrictions on the city's Arab population, coupled with continuous decline of socioeconomic conditions, have intensified frustration among Palestinians.

Hospitals are struggling to treat the huge number of injuries with live and rubber ammunition that have already exceeded 5,500 cases, and over 4,000 victims of tear gas suffocation. Children and youth aged 13-19 have been the main subjects of aggression by the Israeli Occupying Army. As a result, many families are experiencing great fear and anxiety necessitating the provision of legal and psychological assistance. Furthermore, over 765 Palestinians have been detained by Israeli Occupying Army, and consequently the livelihood of their families is threatened.

Help us support the steadfastness of our people in Palestine. Help us support the steadfastness of Jerusalem.

## Immediate Needs to Support Palestinians in Jerusalem

Welfare Association is calling on its members, supporters, and friends to contribute support for these urgent needs:

- First aid equipment and logistical support to Jerusalem City's paramedic teams
- Medicine and medical supplies and equipment for Jerusalem and West Bank Hospitals
- Support to affected families to meet their daily basic needs in Jerusalem
- Provide legal protection and psychological counselling for people in Jerusalem

Your small gifts can support the steadfastness of Palestinians in a number of ways:

Amount (USD)	Your gift will allow us to ...
50	transfer a patient to hospital.
100	provide basic emergency treatment to a patient
150	provide a family with basic cash support for a month
200	provide a child with urgent legal support
300	purchase an emergency first aid kit for first response teams
500	provide a school with psychological support for students
1,000	provide a patient with intensive care and specialized medical support in hospitals
