About Taawon

Taawon (Welfare Association) is a non-governmental organization dedicated to promoting the steadfastness of Palestinians in Palestine. It was registered in Geneva in 1983, and currently has offices in Amman, Ramallah, Jerusalem, Gaza, and Beirut, as well as a sister entity in the UK. Taawon's mission is to make a distinguished contribution toward furthering the progress of Palestinians, preserving their heritage and identity, supporting their living culture and building a civil society. Since its establishment, Taawon has invested funds reaching nearly US \$900 million, dedicated to development and relief programs, whereby it touches the lives of more than one million Palestinians on an annual basis, with half of these beneficiaries being women.

How is Taawon working on the ground even though it is difficult to get supplies into the Gaza Strip?

- With 37 years of experience in Gaza, we've established many partnerships with various institutions, associations, and suppliers. Our dedicated team in Gaza, in coordination with our 22 on ground partners, efficiently manages the distribution process.
- Our longstanding presence in the Gaza Strip allows us to purchase materials directly from local suppliers. Donations received directly into our Palestinian bank accounts enable immediate coordination with Gaza-based suppliers for the procurement of materials.
- We successfully managed to bring in 6 trucks loaded with medicines and medical supplies through the Rafah crossing in Gaza.
- All materials are distributed by our team in Gaza to shelters in public schools and community centers, which have also become shelters,.

Where have Taawon donations been distributed in Gaza so far?

- North Gaza: Beit Lahia
- Central Gaza: Deir Al-Balah, Al-Zawaida, and Al-Nuseirat
- South Gaza: Khan Yunis, Rafah Governorate

How does Taawon avoid redundancy with others on the ground in Gaza?

- Taawon and partners focused on governmental schools and community centers that have also become shelters.
- Taawon is a part of the following UN Cluster Groups: Logistics; Health; and Education.
